Brief Description of Amendments to the Cerner Corporation Global Code of Conduct

- On December 5, 2017, Cerner Corporation’s Global Code of Conduct was updated to reflect certain technical, administrative and other non-substantive amendments, including clarifying when certain provisions within our Global Code of Conduct are intended to apply to associates and when they are intended to apply more broadly to our business partners who contractually agree to comply with our Global Code of Conduct; updated information on how to report unethical or unlawful conduct via Cerner’s Ethics Hotline; updated references to certain policies that have been modified; and the addition of an Appendix that clarifies when and to what extent certain provisions within the Global Code of Conduct apply to associates in countries outside the United States. At this time, none of the exceptions included in the Appendix apply to Cerner Corporation’s principal executive officer, principal financial officer, principal accounting officer or controller or persons performing similar functions.
