In addition to supporting health systems—including physicians and nurses on the front lines of the global COVID-19 pandemic and ensuring the safety of associates—Cerner and First Hand, a 501c3 foundation, are committed to aiding relief and recovery efforts around the world with particular focus in areas where Cerner clients and associates live and work.

**Across the globe,**
Cerner is contributing to causes that provide equipment, sanitation products, food and more to those impacted by the pandemic.

- **Karnataka Chief Minister’s Relief Fund, India** – Assisting nearly 900,000 students and staff with needed sanitation products in advance of college entrance exams, despite the nationwide shutdown
- **North Paddington Food Bank, United Kingdom** – Supporting the rising number of people impacted by school closings, reduced opportunities to work and other difficult pandemic-related circumstances
- **Project HOPE** – Delivering millions of masks and other protective equipment to those at the forefront of the pandemic in the U.S., China and around the world
- **Variety Australia** – Providing support to children and their families with special medical equipment and supplies

**In the U.S.,** we’ve supported initiatives in our Cerner campus communities and partnered with national veterans’ organizations.

- **Feeding the Front Lines KC and Feeding the Front Lines Malvern** – Partnering with local restaurants to boost their businesses and local economies to provide delicious meals to health care professionals and essential workers on the front lines of the pandemic
- **Chester County Community COVID-19 Rapid Response Fund** – Supporting flexible funding for nonprofits, with focus on providing basic needs, such as food, access to health care and financial stability
- **Kansas City Regional COVID-19 Response and Recovery Fund** – Providing immediate relief and recovery funds for the human service needs created by the COVID-19 pandemic
- **Elizabeth Dole Foundation** – Supporting resources to help military and veteran families with elevated support and access to resources
- **LifeAid** – Igniting a national conversation about suicide prevention in our highest-risk communities, like veterans and first responders
- **Military Family Advisory Network** – Connecting military families to the resources, people and information they depend on to successfully navigate all phases of military life
- **Team Rubicon** – Deploying veterans and first responders to provide assistance, like delivery services for food-insecure populations, setting up mobile testing sites and logistics support for those in temporary quarantine across the country
- **Veterans Community Project** – Partnering with Company Kitchen, Sysco, Belfonte and other food vendors to prepare meals for members of our community who are homeless and hungry

Beyond our collective corporate impact, Cerner associates are contributing PPE in Australia and the U.S., using 3D printers to make face shields for health care professionals, providing critical volunteer support and more.
