

Missed Appointment Agreement

As a Healthe Clinic member I will make every effort to appear at my scheduled appointment time. I understand that if I miss an appointment without cancelling prior to the scheduled time or if I am more than 10 minutes late I will be considered a “no-show”. After three missed appointments, I will be charged \$10 for any other appointment for which I “no-show” within a 24 month period. **I understand that if I “no-show” more than five times in a 24-month period I may be dismissed from the Healthe Clinic.**

Finally, I acknowledge that a Healthe Physical is used to establish a health baseline for all clinic members. Due to high demand for these appointments, I understand that I will be charged \$50 for each Healthe Physical appointment.

For operational purposes, missed appointment charges must be billed to insurance, however, these claims will be denied. I understand I am responsible for the balance.
